## CRYPTOCURRENCIES FOR EVERYONE – JOIN THE REVOLUTION NOW!

### ABOUT OF SEYLAN PRODUCT

**Seylan Product** established in 2015 with an aim to Manufacturing, marketing and exporting all types of edible and industrial salt that matches the international quality and standards.

Salt is the basic ingredient of food, and modern salt undergoes a complete refining process. **Seylan Product** is one of the leading players in the salt industry. We are a distinguished manufacturer, exporter and supplier of Refined Free Flow Iodized Salt.

### EQUIPMENTS, MACHINERY & LAND

We are equipped with a state of the art infrastructure with all the stainless steel equipments and machinery. Our sound infrastructure and adherence to strict quality control enables us to cater to the market demands successfully. The list of machinery at our disposal includes specially designed steel wash/Clarifier Tanks, other washing & Drying Plants, Semi-automatic Packing Machines, etc. We have a covered & dust-proof packing division where the salt is packed under highly hygienic conditions. At present, the installed capacity of the plant is 70MT to 100MT per day.

Seylan Product is having their own total 200 acres, but now uses 130 acres only. These salt pans are feeded with bore well. These ideal climates and the type of soil are very suitable in manufacturing quality salts. Most of these salt fields are well connected with highways.

### TRANSPORT DIVISION

We are having own transport division. In this we are operating Heavy trucks, Tippers and Lorries. This helps us to deliver our products safety to our clients cost effectively on time.

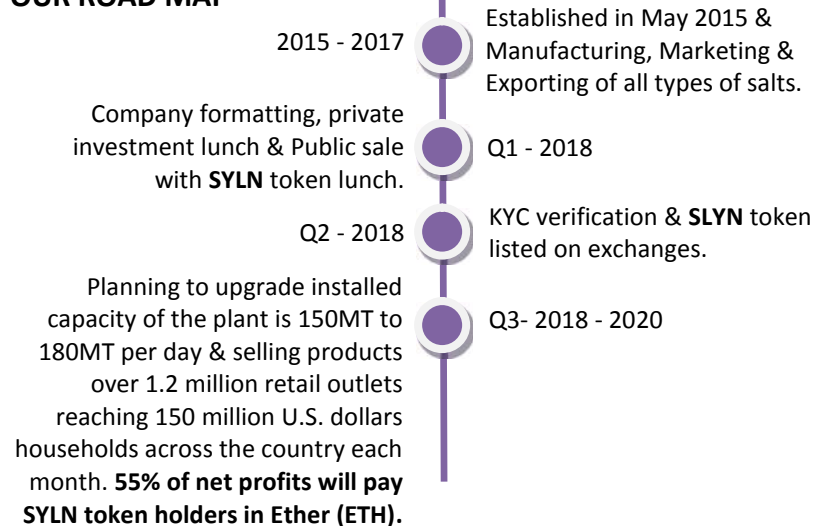

### WAY BRIDGE (WEIGHT BRIDGE)

Seylan product has their own weight bridge in the company premises. The weight bridge having capacity of 60MT.

### LABORATORY

The company has in-house laboratory with latest testing equipments and quality control process with competitive man power which constantly and consistently monitor quality of its products.
